Ann,

I did talk to [Ex. 6 - Personal Privacy] on Monday and let Trish know that they are mostly home on the weekends.

I just spoke to [Ex. 6 - Personal Privacy] He wants testing- has a well and a spring. For background he is very pro-Cabot. He said that another driller is planning to take pre-drill samples soon (Chief?). I think he will share splits with Cabot.

I still don't have anything else on the other people to provide any closure.

Very respectfully,

David Polish
